BroadStar

BTB-M1D-xxxx

FTTx - Terminal Box up to 64 FTTH drops

Tech Sheet

1.0 Description

The BTB-M1D-1000 is a perfect example on how Broadstar Optics is always striving to simplify the operators work load by giving design engineers the flexibility of having several RFoG, PON and FTTx 1x32 and 1x64 passive options available.

Made of stainless steel and powder coated, this terminal box provides flexible fiber management transitioning outside plant cable to indoor distribution   It also may draw out room fiber optic cables by direct or cross-connections.

2.0 Features

- Adopt high quality cold rolled steel body, electrostatic spraying with **waterproof** powder coating
- High quality **outdoor waterproof door lock,**wall mounted cabinet
- Operating temperature:-30°C~+55°C,storage temperature: -40°C~+60°C
- With access of 2 fiber optic cables and up to 64pcs FTTx outputs.

3.0 Specs and Model Numbers

Model No.	Dimension (WxDxH)	Max. PLC	Application	Max. capacity
BTB-M1D-1000	450x350x150mm	1X1:16, 1x1:32 1x1:64	Wall mount	48port/Total
BTB-M1D-2000	550x450x220mm	2X1:8 2x1:16 2x1:32	Wall mount	72port
